End of Life Notification (USA Only)

December 6, 2019

The Federal Communications Commission has ruled that as of January 17th, 2020, all Emergency Position-Indicating Radio Beacons and Personal Locator Beacons must meet the technical and performance standards contained in RTCM 11000, and must also comply with the standards specified in §80.1101(c)(5), or they can no longer be offered for sale in the United States as of January 17th, 2020.

As a result, ACR has decided to discontinue the following products for sale in the United States as of December 6th, 2019:

ACR GlobalFix iPRO (RLB-36) – Discontinue the sale in USA Only
ACR GlobalFix PRO (RLB-37) – Discontinue the sale in USA Only
Ocean Signal SafeSea EPIRB (E100) – Discontinue the sale in USA Only
Ocean Signal SafeSea EPIRB (E100G) – Discontinue the sale in USA Only
ACR Aqualink (PLB-350) – Discontinue the sale in USA Only
ACR Aqualink View (PLB-350) – Discontinue the sale in USA Only
ACR ResQLink (PLB-375) – Discontinued
ACR ResQLink+ (PLB-375) – Discontinued

We will continue to honor our standard 5-year warranty on all shipments for these products. No additional orders for the above listed beacons will be taken after December 6th, 2019, and all future orders will need to transition to the ACR GlobalFix V4 EPIRB, Ocean Signal EPIRB1, ResQLink 400 and/or ResQLink View PLBs.

Neither ACR, nor any ACR Authorized Dealers will be permitted to sell the above listed product models after January 17th, 2020 within the United States. Sales outside of the United States for the above listed product models is still permitted. To assist dealers in the sell down of these beacons, ACR will continue the end of year promotion until January 15th to assist dealers in moving any remaining inventory prior to the FCC deadline.

Please contact your ACR Representative with any questions or to place orders.

Best Regards,

Mikele D'Arcangelo
